

1.) K-LOVE serves me in hampton Roads on 90.7. This radio station is a very valuable to my daily life. I listen to it all the time for a Christian perspective.

2.) The affect if K-LOVE were to be displaced by an LPFM were be awful. The affect would be no Christian broadcatsing in this area of Hampton Roads. Other programming is garbage over the air waves.

3.) K-Love is in the public interest because it touches peoples hearts where other stations can't. K-Love is a very powerful tool to many Christians and other people who need a daily dosage of positive listening on a daily basis. K-Love is a very valuable station that provides wholesome entertainment not garbage.
